10818 Hwy 99E

Los Molinos, CA 96055

Phone (530) 527-5162 Fax (530-527-2331)

Dear Parent/Guardian:

The Healthy Schools Act of 2000 was signed into law in September 2000 and requires that all schools provide parents or guardians of students with annual written notification of expected pesticide use on school sites. This letter will identify the active ingredient or ingredients in each pesticide product used on our campus. You can use the following internet address: <http://www.cdpr.ca.gov> for further information on pesticides and their alternatives. Prior notification of individual pesticide applications will be posted at school site. Spraying will be done when school is **not** in session. (i.e. vacations or after hours.) The exception may be if an emergency exists, such as wasp nest or bee infection that need immediate attention. The major part of our pest control is done under the auspices of Hunter Pest Control, Spencer Clingan 876-1457.

The following are the chemicals used and their active ingredients:

Pest Control

WASP	2 Phenethyl Propionate, Rosemary Oil
ANT	Fipronil, Tyme Oil, Rosemary Oil
ROACH	Fipronil, Tyme Oil, Rosemary Oil
SPIDER	Tyme Oil, Clove Oil, Rosemary Oil, 2 Phenethyl Propionate

Weed Control

ROUNDUP	Glyphosate
---------	------------

The Chemicals used by the Lassen View District Maintenance/Operations staff are as follows:

Pest Control

ANT, ROACH, SPIDER	D Trans Allethrin
WASP	Prallethrin, Lambda Cyhalothrin

If you have any questions, please contact Don Jasielum at 527-5162 ext. 109
